

**static**

**EDEN**

Shuffle in the dark  
I'm throwing out parts and time  
Is always changing  
Particles spin down  
Separated lust, yeah  
Couple seconds up  
You want something that ain't coming back  
'Cause I, but it really doesn't matter how bad you want me  
How you found me  
I can't keep up with, afford just being a static  
Design
