## EDEN

Take it slow, take it slow  
I don't know, I don't know  
I don't know, I don't know

Your smile over FaceTime  
Can't tell if you're looking at me  
Or at yourself  
Or at yourself  
Days are moving fast now  
Time I thought we had to burn  
Just slipped away  
Slipped away

I just want to see your body like a creep  
Love it when I see those eyes look up at me  
Make an MP4 something that I can feel  
Now it's like you're beside me even when you leave  
In and out of consciousness and a dream  
Always on my mind just saying how I feel  
I just want you on my team

My baby it's a rush  
Like new ink under my skin  
You're never coming off  
Don't care if they notice  
I'm locked in  
Locked in  
Locked in  
Locked into your love  
Locked into your love  
Locked in  
Locked in  
Locked in  
Locked in  
Locked

Take it slow, take it slow  
I don't know, I don't know  
I don't know, I don't know  
I don't know, I don't know

And I just want to see your body like a creep  
Love it when I see those eyes look up at me  
Make an MP4 something that I can feel  
Now it's like you're beside me even when you leave  
In and out of consciousness and a dream  
Always on my mind just saying how I feel  
Don't you want to be on my team

My baby it's a rush  
Like new ink under my skin  
You're never coming off  
Don't care if they notice  
I'm locked in  
Locked in  
Locked in  
Locked into your love  
Locked into your love
