

Times Like These

EDEN

It's been a long long time,
We've come a long long way
No, I cant see the finish line
Scared half to death but that's okay
It's been a long long night
After a long long day
My body's aching but I know somehow
My feet will find a way

So I'll sing it loud
In the silence
And give the best of me
Till its alright
But not over
I will find fight
Like a soldier coming home
In the silence
But I have never felt so free
The futures so bright
This is our time
Imma live it how I dream

It's been a long long time
Since I've seen sunlight through the rain
Since I've felt love or truth, It's strange
But I left bliss back where I came
And I wont lie
Its taken so long to feel okay
And now the world is screaming out for more
But I don't feel the same

But we'll be alright
Cause it's all we know
And it's only change
Sun sets on the old
But were nocturnal anyway
And this is how we know
It'll be okay
These are the times we will hold
When our memories fade
Cause it's all we know
And it's only change
Sun sets on the old
But were nocturnal anyway
And this is how we know
It'll be okay
These are the times we will hold

These are the times we will hold
In the silence
When I've given all of me
And it's alright
That it's over
And I've found fight
Like a soldier coming home
In the silence
But I have never felt so free

The futures so bright
This is our time
And I'll live it how i dream

Because it's all we know
And it's only change
Sun sets on the old
But we're nocturnal anyway
And this is how we know
It'll be okay
These are the times we will hold
When our memories fade

Sometimes it takes times like these to know
You're in the right place
