Give me a lifeline  
Not everything's easy  
They were your words, not mine  
So I'll be your reason  
And you could be mine  
Cos we are just lost inside your head  
Yet somehow I wake up in your bed  
But I don't want you to become  
Anything or everything  
Or more than an off and on hook up  
Cos I can survive without your love  
If it even exists  
If it even exists  
Does it even exist?

So I'll be your reason  
We won't talk again  
I made you fall slowly  
By not giving in  
And we are the reason

So I'm missing the lyrics  
Dream of another end
