

# Roots

Edens Edge

Now I know you're needing  
You're some good ol' rock 'n roll  
And I've been known to sing along  
To the Rolling Stones  
But on a night like this  
Tonight I miss  
The sunny side of the mountain

I need that High Lonesome sound  
I need a blue moon shinin' down  
I need some mandolin  
Loretta Lynn won't you take me back home

Caller holler dosy doe  
Hit the floor and let it go  
My feet are needin' some cotton-eyed Joe  
Lord my roots are startin' to show

I wanna walk barefoot down my daddy's red dirt road  
I want some country air where the world is turnin' slow  
Where all I hear  
In my ears  
Is the sound of the hills  
Standin' still...

I need that High Lonesome sound  
I need a blue moon shinin' down  
I need some mandolin  
Loretta Lynn won't you take me back home

Caller holler dosy doe  
Hit the floor and let it go  
My feet are needin' some cotton-eyed Joe  
Lord my roots are startin' to show

I need that High Lonesome sound  
I need a blue moon shinin' down  
I need some mandolin  
Loretta Lynn won't you take me back home

Caller holler dosy doe  
Hit the floor and let it go  
My feet are needin' some cotton-eyed Joe  
Lord my roots are startin' to show
