

Cool Dance

Edgar Winter

Well, you're cool when you don't know it
And when ya know it then you ain't
Cool when you don't know it
And when ya know it, know it then you ain't

I said get back
I said re-track
You better give it a chance
'Cause all you gotta do, all you gotta do is dance

Cool when you don't know it
We're 'bout to get up and shake, yeah
Cool when you don't know it
I got to get up and shake

So wake up
I said shake up
It's a new romance
You're right by me
Get behind and dance

Dance, dance
Real cool dance

Dance

I hope these words are talkin' sense
'Cause they come from experience
I was cool when I didn't know it
And when I knew it then I wasn't so cool

(Cool when you don't know it)
Don't 'cha know, don't cha' know
(Cool when you don't know it)
Yeah, all you gotta do is dance
(Cool when you don't know it)
Real cool, real cool dance
And I love it, I love to dance
And I love to dance
