

# Undercover Man

Edgar Winter

Give me a clue to run down  
[?] sundown  
I see you looking behind ya  
You know I'm coming to find ya

'Cause I'm the undercover man  
Doin' everything I can  
Let me tell you who I am  
I'm the undercover man  
Yes, I am

I'll see you 'round to your back door  
What are you lettin' me in for  
I know you're waitin' and hopin'  
But you can't bring it out in the open

'Cause I'm the undercover man  
Doin' everything I can  
Let me tell you who I am  
I'm the undercover man

You've got a hot operation  
My line is investigation  
I might be willing to get in  
If you've been takin' [?]

'Cause I'm the undercover man  
Doin' everything I can  
Let me tell you who I am  
I'm the undercover man

I'm the undercover man  
I'm the undercover man  
I'm the undercover man  
I'm the undercover man
