

You could say that I'm a villain
As deadly as a serpents kiss
And if you breath in my scent
It could leave you in torment
Hear my whispers
Slither in your head

Look into my eyes
I'll make you feel alive
Look into my eyes
I'll make you feel alive

(I'll make you feel alive)
(I'll make you feel alive)

Do you want freedom
From all your racing thoughts
Surrender your sanity
I could play with you mind
I could play with your doubts
Sink my teeth into your screams

Look into my eyes
I'll make you feel alive
Look into my eyes
If you dare to fly
I'm gonna let it burn
I'm gonna let it burn
Don't worry
I won't turn you to stone
Look into my eyes

You wanna feel me?
I'll throw you from my throne
In this maze we created
You have to face me alone
You make me wanna strike
You make me wanna strike

Look into my eyes
I'll make you feel alive
Look into my eyes
If you dare to fly
I'm gonna let it burn
I'm gonna let it burn
No I won't turn you to stone
Look into my eyes
I'll make you feel alive
I'll make you feel alive
I'll make you feel alive

I'll make you feel alive
I'll make you feel alive
