

Ghost

Edge Of Paradise

Sometimes I wonder If you have a heart
When you do what you do
Aren't you afraid of the ghosts in your mind that will, Follow
you
Go on and walk over me and take all that you can
To feel alive, to be alive, Are you alive

If you have a heart does it beat faster
When you close your eyes to those you've hurt
Did you feel good, when you, gave up
You buried us alive

You're just a ghost
Tell me who are you
Does your past define you
You wore your every mask
And I thought I knew the truth
You lied
You let go

If you have a heart does it beat faster
When you close your eyes to those you've hurt
Did you feel good, when you, gave up
On Me

As the pain heals, do the scars remind you
Do you realize you're just a ghost
Tell me
Can you live with yourself when you
Buried us alive
You're just a...

If you have a heart does it beat faster
When you close your eyes to those you've hurt
Did you feel good, when you, gave up
You gave up On Me
As the pain heals, do the scars remind you
Do you realize you're just a ghost
Tell me
Can you live
How can you live with yourself when you
Buried Buries us alive
You're just a ghost
