But Here I Am

Always listen to what they tell - Dreamer Crazy habits are a work of hell - Dreamer Dressed in black and ordinary suits - Dreamer All my life I have paid my dues - Goodbye But here I am To go my way But here I am I am sick of being here to pay Never try to understand - Dreamer What I do and what I can - Dreamer Making love in the middle of a street - Dreamer Let them talk about how we treat ourselves - That's right But here I am To go my way But here I am I am sick of being here to pay But here I am To go my way But here I am I am sick of being here to pay But here I am To go my way But here I am I am sick of being here to pay But here I am To go my way But here I am I am sick of being here to pay But here I am To go my way But here I am I am sick of being here to pay But here I am To go my way
