

## Life and Times of a Bonus Track

Edguy

Poor artist went to label, truckloads of money in mind  
Rich artist left the buildings  
Cause all the labels had been standing in line  
And so they signed

Artist wrote rock'n roll history  
Concentrated on an album so strong  
But business claimed limited editions  
Insisting on additional songs

That was the time when I had born  
When I first saw the light of day  
And even if you got a different opinion  
From my point of view - needless to say -  
That I'm happy to be  
Ever if you don't want me to be  
The world wouldn't go round without me

I'm a bonus track on my way to Japan  
And I'm gonna be spread on the Internet  
I'm a bonus track, to Brazil and back  
I'm enjoying worldwide fame

They'll screw the industry, pay no royalty  
Burn me on CD, all illegally  
Chinese bootlegs, Russian piracy  
Cutthroat Germans they all copy me  
And I don't give a shit, to me it's all the same  
As long as I get all the fame  
And the girls know my name

I don't give a fucking shit, no, I don't give a shit  
Don't give a fucking shit, no, no...  
Not a single little fucking shit  
Oh this is it... This is it! It!  
I'm a bonus traaaaaaaaaaaaack...
