

Save Me

Edguy

A **H**
Waiting for a little sign
C#mi **A**
Seems like to no avail
H **C#mi**
Strolling down the pavement aimlessly

A **H**
Waiting for someone
C#mi **A**
to snatch her bag of memories
H **C#mi**
How come you call it destiny?
A **H** **E**
When the cross you bear's your only company

H **C#mi** **A** **C#mi** **H**
Never seen you, I don't even know your name
A
But still I believe

C#mi **A**
That you are gonna save me
E **H**
Somehow I got a notion
C#mi **A** **C#mi** **H**
Just a little affection on this cold and windy road
C#mi **A** **E** **H**
Save me, from a state of unemotion
C#mi **A** **H**
Just a little affection on this windy road

Why is it all
so confusing
Why's growing up hurt so bad?
Seek what we had lost
we get found and go again
I don't know what's gone to me
I won't make any promise I believe

Never seen you, I don't even know you're name
But still I believe

That you are gonna save me
Somehow I got a notion
Just a little affection on this cold and windy road
Save me, from a state of unemotion
Just a little affection on this windy road

E **H**
I don't know if I can
C#mi
I don't know if I should
A
I don't know what's right
E
and what's to come if you would

H
Here I stand in rain
C#mi
Here in stand in the cold
A
I've been locked into this
H C#mi
another shot in my soul

A E H A H
I'm afraid of that hole...

save me
Somehow I got a notion
Just a little affection on this cold and windy road
Save me from a state of unemotion
Just a little affection on this windy road
A HC#mi
Oh, lonesome road...
