

Exaggerate

Edie Brickell & New Bohemians

Call me crazy but I want ya
And I'm going to take you home with me
I'll adore ya and I'll spoil ya
Give your everything to me

I don't lie
I don't lie
I don't lie
I exaggerate

You look hungry, you look frightened
Oh you poor mistreated thing
You'll be comfy up in my bed
Livin' larger than a king

I don't lie
I don't lie
I don't lie
I exaggerate

You're the greatest
The most beautiful
You're the smartest
The best in the world

Call me crazy but I love ya
And I wanna free ya from your cage
And together we'll be better
Loyalty will rule the day

I don't lie
I don't lie
I don't lie
I exaggerate
