

Eyes In The Window

Edie Brickell & New Bohemians

Dammit Johnny
You left the light on again
Dammit Johnny
Now everyone can see in

Eyes, eyes, eyes in the window
Eyes, eyes, eyes in the window

I get the feeling that we aren't alone
They can see in through the camera phone
This computer, this is Adam and Eve
It's the future, everybody can see

Eyes, eyes, eyes in the window
Eyes, eyes, eyes in the window

It's so unnatural, snakes are laughing
It's so unnatural, snakes are laughing

Dammit Johnny
You and your apple seed
Very scary
Growing like a weed

Eyes, eyes, eyes in the window
Eyes, eyes, eyes in the window

It's so unnatural, snakes are laughing
It's so unnatural, snakes are laughing
It's so unnatural, snakes are laughing
