

Mine All Mine

Edie Brickell & New Bohemians

It's so nice to finally meet you
The love of my life
Let me introduce myself
I'm your future wife

I know you're a little slow
But you'll catch up in time
I know you're a little slow
But you are going to be mine

Take a look around the room
Take a look around town
Is there anybody you'd
Rather be around

I know you're a little slow
But you'll catch up in time
I know you're a little slow
But you are going to be mine

Mine all mine all mine all mine
Mine all mine all mine all mine

I know you're a little slow
But you'll catch up in time
I know you're a little slow
But you are going to be mine

Mine all mine all mine all mine
Mine all mine all mine all mine
