

Shawnee

Edie Brickell & New Bohemians

Shawnee, when you gonna come back
Shawnee, when you gonna settle down

We were all talking at the family picnic
Eating fried chicken sitting on a blanket

Shawnee, you don't know how I miss you
Shawnee, just wanna be with you

You know my creepy cousin with the handlebar mustache
He opened up a cold one and he sat on my lap

Shawnee, if only you had been there
Shawnee, he would've got his own chair

Shawnee, when you gonna come home
Shawnee, I'm just feeling so alone

You know my creepy cousin with the handlebar mustache
He opened up a cold one and he sat down on my lap

Shawnee, if only you had been there
Shawnee, I know he just wouldn't dare
