

## Came A Long Way

Edie Brickell

I came a long way for your love.  
I will not leave.  
I will not run.  
They went away, and let me down.  
They broke me down.  
When I was young.  
Those days are gone.  
For the love what they said.  
For the love what they did.  
Theres no mistake.  
I lay down no blame.  
I came along to understand.  
Help me understand.  
I know you can. You are my star. Youll never fall.  
For the love what they said.  
For the love what they did.  
For the love all I have.  
For the love all I give.  
Theres no mistake.  
I lay down no blame.  
For the love what they said.  
For the love what they did.  
Theres no mistake.  
Whats done is done.  
Our hearts may break.  
Our love goes on and on and on.
