

Take A Walk

Edie Brickell

Let me turn off your TV.
Before you go crazy.
Come out for a while with me.
No dont be lazy?
Tall trees whose shadows fall along sheeps meadow.
Never know what we will see. Come take a walk with me.
Well I know youre weary now, and uninspired.
But if you stop going out. Youll just grow tired.
Tall tress whose shadows fall along sheeps meadow.
Never know what we will see. Come take a walk with me.
Dont wanna leave you but I cant stay, anymore.
When its a beautiful bright day outside the door.
Tall trees whose shadows fall along sheeps meadow.
Never know what we will see. Come take a walk with me.
