

My Heart

Edie Carey

I'm not gonna lie to you
I don't know what I'm doing
Even after all these years
I'm lost

I'm not gonna lie to you
I'm a little bit crazy
I try to keep my head on straight
It's always a little bit off

But my heart feels right for the first time in my life
For the first time

You stay in one place too long
You become a target
Look at how I live my life
Always gone

But when it comes to me and you
I'm a little bit lazy
After all this running
I'm happy, happy to just stop

Cuz my heart feels right for the first time in my life
For the first time

So I'm just gonna stay right here
Just to see what happens
Funny how hard it is
To keep still

Long enough to let love in
No matter how you fight her
She'll always be the smartest
You don't think she'll get you
But she will, she will

My heart feels right for the first time in my life
For the first time
