

## Strange Intimacy

Editors

I can't back down  
Where were you when I needed you?  
You win me round

When I bleed I bleed out, it's true  
I can't back down  
You want it, you got it  
You want it, you got it  
Where were you when I needed your  
You decay, you regrow  
You decay, you regrow  
You win me round  
You want it, you got it  
You want it, you got it  
When I bleed, I bleed out, it's true  
You decay, you regrow  
You decay, you regrow

Strange intimacy  
This party is over  
Let the rain pour down on me  
Eclipsing the loneliness  
Of strange intimacy  
This party is over  
Let the rain pour down on me  
Eclipsing the loneliness
