

# You Are Fading

Editors

I'll lose this I always have  
I'll always let you down  
I'll lose this I always have  
I'll always let you down

Make your way up to the stars  
It's there where you belong

I'll lose this I always have  
I'll always let you down

Waiting, you are  
Fading, you are  
Slowly drift off to sleep

Waiting, you are  
Fading, you are  
Slowly drift off to sleep

Waiting, you are  
Fading, you are  
Slowly drift off to sleep
