

# Please Stay

Edward Barber

The first time we met  
I knew you'd be someone hard to forget  
And then when we talked  
I couldn't keep you out of my head  
When I look in your eyes  
I know there's no saying of bitter goodbyes  
I can finally say  
I think I found someone worth it to wait for

I want to know if you feel the same way  
'Cause right now I want to say

Oh girl please stay right here in my life  
You're perfect, no lies  
You're my angel in disguise  
I just want you to stay with me the whole time  
I don't want you to go  
Oh I want you to know  
That I love you so

What do I have to do? Tell me  
I just want you to feel the same way too  
You're so beautiful in my eyes  
My heart is racing and I can't deny

I want to know if you feel the same way  
'Cause right now I want to say

Oh girl please stay right here in my life  
You're perfect, no lies  
You're my angel in disguise  
I just want you to stay with me the whole time  
I don't want you to go  
Oh I want you to know  
That I love you so

I love your eyes  
I love your smile  
I want you to stay

Oh girl please stay right here in my life  
You're perfect, no lies  
You're my angel in disguise  
I just want you to stay with me the whole time  
I don't want you to go  
Oh I want you to know  
That I love you so  
That I love you so  
That I love you so
