

Be Free

Edward Maya

You can be what you want, be free
'Cause your heart want to be, be free
You run away, you can touch the sky
Na-na, na-na-na
Be free tonight

You can be what you want, be free
'Cause your heart want to be, be free
You run away, you can touch the sky

Na-na, na-na-na
Be free tonight

You can be what you want, be free
'Cause your heart want to be, be free
You run away, you can reach the sky
Be free tonight

You can be what you want, be free
'Cause your heart want to be, be free
