

## Green Apple Candy

Edward Maya

Red hot, you got a lot  
You take what you want, no shot  
Blue eyed, you make me proud  
But I can't [?]

Green apple candy, you are, you know  
How much you had me, but I can't taste it  
If I chase it with some brandy, right now, oh wow  
Green apple candy, I can't taste it anymore

I can't taste it anymore  
I can't taste it anymore

Replay the sweet [?]  
You know just what I need  
You try [?]  
But I can't, I won't believe

Green apple candy, you are, you know  
How much you had me, but I can't taste it  
If I chase it with some brandy, right now, oh wow  
Green apple candy, I can't taste it anymore

Green apple candy, you are, you know  
How much you had me, but I can't taste it  
If I chase it with some brandy, right now, oh wow  
Green apple candy, I can't taste it anymore

I can't taste it anymore  
I can't taste it anymore

Green apple candy, you are, you know  
How much you had me, but I can't taste it  
If I chase it with some brandy, right now, oh wow  
Green apple candy, I can't taste it anymore
