

## Holding on

Edward Maya

We were falling in love but we could never stop  
But tick tock in our heart  
I'm trying to lose nothing today  
Times falling away  
Baby. don't stop  
Don't play your games with my heart  
The night is waiting today, fading away

Now we can say we're holding on and on and on  
We're holding on because our love ain't gone  
Because our love ain't gone  
And we're holding...  
We're holding on Because our love ain't gone  
Because our love ain't gone  
And we're holding...  
Holding

We were falling in love and we could never stop  
But tick tock in our heart  
Time is nothing tonight  
Stars shining so bright

So don't give up  
You know we came here tonight  
But day is fading to night

Now we can say we're holding on and on and on  
We're holding on because our love ain't gone (oh)  
Because our love ain't gone  
And we're holding on and on and on  
We're holding on and on and on  
Because our love ain't gone  
Because our love ain't gone  
And we're holding...  
Holding
