

# I Found You

Edward Maya

Your love was hiding in the wrong lane  
But now I'm coming after you  
I am not treating love like some game  
Not anymore 'cause I found you

We felt like a stream all day long  
Hiding your love from me seems wrong  
Being myself feels easy  
When I am with you, I am alive

Now that I found you, I'm not ready to give up  
Now that I found you, I'm not ready to give up

My voice is singing with your love  
And I'm not quitting anymore  
So baby follow all the [?]  
To my darkness at your home

We felt like a stream all day long  
Hiding your love from me seems wrong  
Being myself feels easy  
When I am with you, I am alive

Now that I found you, I'm not ready to give up  
Now that I found you, I'm not ready to give up

I found you

Now that I found you, I'm not ready to give up  
Now that I found you, I'm not ready to give up

I found you
