

# Just Like A Song

Edward Maya

Just like a song on repeat  
You keep on coming back to me  
Wish you could be my remedy  
Not just a sad song on repeat

I try to move on  
It feels like I'm falling hopelessly  
Thought I was strong  
But you broke my heart so easily

You got me playing with fire  
Holding onto desire  
Why don't you let me go?  
You got me playing with fire  
Holding onto desire  
Wish you'd just let me go

Just like a song on repeat  
You keep on coming back to me  
Wish you could be my remedy  
Not just a sad song  
Just like a song on repeat  
You keep on coming back to me  
Wish you could be my remedy  
Not just a sad song

Just like a  
Just like a  
Just like a

How do I carry on?  
When you're not around, yeah it's hard to breathe  
Feels like losing control  
With all of your shadows chasing me

You got me playing with fire  
Holding onto desire  
Why don't you let me go?  
You got me playing with fire  
Holding onto desire  
Wish you'd just let me go

Just like a song on repeat  
You keep on coming back to me  
Wish you could be my remedy  
Not just a sad song  
Just like a song on repeat  
You keep on coming back to me  
Wish you could be my remedy  
Not just a sad song

Just like a  
Just like a

Just like a  
Just like a

Just like a song on repeat  
You keep on coming back to me  
Wish you could be my remedy  
Not just a sad song  
Just like a song on repeat  
You keep on coming back to me  
Wish you could be my remedy  
Not just a sad song
