

# Love Of My Life

Edward Maya

My angel  
Don't cry  
Yes, I can see  
My angel  
Don't cry

Yes, you can call my heart  
Yes, you can call me "down babe"  
My thoughts are leading me straight into your heart  
What should I do, I'm looking through you

You can call me Love, babe  
You can run, you can hide  
But your heart won't escape my love

Love of my life  
You've hurt me  
Love of my life

Love of my life  
You've hurt me  
Love of my life

Te vreau pe tine  
Love of my life  
You've hurt me  
Love of my life

Love of my life  
You've hurt me  
Love of my life

I was alone, no one else was around  
You've brought me back to life, babe  
My thoughts are leading me straight into your heart  
What should I do, I'm looking through you

You can call me Love, babe  
You can run, you can hide  
But your heart won't escape my love

Love of my life  
You've hurt me  
Love of my life

Love of my life  
You've hurt me  
Love of my life

Te vreau pe tine  
Love of my life  
You've hurt me  
Love of my life

Love of my life  
You've hurt me  
Love of my life

Te vreau pe tine
