

My Favorite Drug

Edward Maya

I'm finally free tonight
Going to call all my friends
Get my mind away from all the stress
Tonight is all about making new memories
The rhythm's coming from within

Yeah, don't stop, keep the body going wild
Turn the music up and feel alive
Yeah, don't stop, take my body, do it right
'Till the music hits the overdrive

Your body is my favorite drug

Your body is my favorite drug

We're going to clap, clap to the morning
Keep our hands up high 'cause we love it
Bottles on me, champagne is flowing
Stay right here, where do you think you're going?
We stand up, yeah, we keep on rolling
Don't stop, keep the body going wild
Turn the music up and feel alive
Yeah, don't stop, take my body, do it right
Feel the music hit the overdrive

Your body is my favorite drug

Your body is my favorite drug
