

Paparazzi

Edward Maya

Paparazzi got the place taking pictures while we dance
Private parties every day, something wild is in the air
Paparazzi got the place, taking pictures while we dance
Ignore them (Ignore them)
And call me in the morning
Paparazzi got the place taking pictures while we dance
Private parties every day, something wild is in the air
Paparazzi got the place, taking pictures while we dance
Ignore them (Ignore them)
And call me in the morning

We've been out drinking 'till sunlight
Like no one else is around all night
We want to be all alone, you've always been in my zone
In the crowd, we'd be so gone, gone
Posing like I'm Lady Gaga
I turn around, there's someone
It's kinda too late to run

It's hard to know each other while we dance in the club
So call me in the morning (The morning)

Paparazzi got the place taking pictures while we dance
Private parties every day, something wild is in the air
Paparazzi got the place, taking pictures while we dance
Ignore them (Ignore them)
And call me in the morning

Yeah-yeah-yeah, ah
Something wild is in the air
Yeah-yeah-yeah, ah
Call me in the morning

It's hard to know each other while we dance in the club
You know we could be, you know we could be caught
We're touching, we ain't rushing
How fast do we run, do we run, do we run?

Paparazzi got the place taking pictures while we dance
Private parties every day, something wild is in the air
Paparazzi got the place, taking pictures while we dance
Ignore them (Ignore them)
And call me in the morning
Paparazzi got the place taking pictures while we dance
Private parties every day, something wild is in the air
Paparazzi got the place, taking pictures while we dance
Ignore them (Ignore them)
And call me in the morning

Yeah-yeah-yeah, ah
Something wild is in the air
Yeah-yeah-yeah, ah
Call me in the morning
