

Show Must Go On

Edward Maya

Listen to my words
Pour out my heart to you
Messiah upon the hill
Maybe I've been a fool

We'll leave on the light outside
When I knock for you
Mmmm
All I ever wanted
I left it all for you

Maybe
You want me on my knees
You wanna see me beg and plead
Maybe
You want me to be teased
But I am still the one you need
Baby

Hope you're getting this, baby
Feels like you've been falling in love
And only in your arms I could ever find
Some peace of mind

Listen to my words
Pour out my heart to you
Messiah upon the hill
Maybe I've been a fool

We'll leave on the light outside
When I knock for you
Mmmm
All I ever wanted
I left it all for you

Maybe
You want me on my knees
You wanna see me beg and plead
Maybe
You want me to be teased
But I am still the one you need
Baby

Hope you're getting this, baby
Feels like you've been falling in love
And only in your arms I could ever find
Some peace of mind
