

Universal Love

Edward Maya

If you search the world, all you need is love deep inside your heart,
This the only guidance you will find. When there's no one there
.

You can turn away, love will make you stay.
Your journey's taking you into the light.
Take my hand, I am here for you.
We can find a way.

Love forever.

Feel the love, universal love.
Sing sing with all your heart, you'll fall again.
Feel the love, universal love.
Sing sing with all your heart, you'll fall again.
Universal love
You'll fall again..

Feel the love, universal love.
Sing sing with all your heart, you'll fall again.
Feel the love, universal love.
Sing sing with all your heart, love forever.
