

You And Me

Edward Maya

You and Me
Lies in hopes
Hand to hand

We'll becoming God

You and I
We just in love
(Ohoh)

Cause it all just fades away
When you touch my soul with love
Let the storm of lifes grown
That is coming inside my soul

You and Me
Lies in hopes
Hand to hand
We'll becoming God

You and I
We just in love
(Ohoh)

Cause it all just fades away
When you touch my soul with love
Let the storm of lifes grown
That is coming inside my soul
