

Rush Hour

Edwin McCain

In the morning she's got sunshine
On her shoulder
She took the L train down from Brooklyn
Trying to stop him
She was in love, push to shove
Holy, holy
It's just too late, he's left the state
Water a wild dog
Beep beep

Got my thumb out, stay inside the lines
Hitchhiker
I've got the inside information
Rock-and-roller
On the highway, I got my way
It's the only way
Got the power in the hour
It's rush hour
Beep beep

Step aside
It's rush hour
It's rush hour

He hit a roadblock

Get the fuck out of the way

Then it hit him, better turn around
Give it one more go
She got the sunset on her shoulder
When she heard him
He was in love, she was in love to
Bossa nova
They took a chance, come on and dance
It's rush hour
Beep beep

He's got the power
It's rush hour
Push, shove
Push, shove
It's rush hour
It's rush hour
