

# Bazaar Days

Edwin Raphael

Why are things that shouldn't  
Smell like you  
Smell like you

Things that shouldn't  
Linger on me  
Linger on me

And so I cry  
When I'm not supposed to  
But I won't lose to  
To something soul less

This picnic's such a mess  
In my dreams you meditate  
Lost in sheets  
But I can't see now

All my love  
Gave me all the same  
All my love  
Gave me all the same

How do you break me?  
Leave me bitter now  
Oh, it's all just rain inside now  
How do you break me?  
In a second wow  
Oh, it's all just rain inside now

And I see you now  
See you now  
All my love  
All my love  
All the shame  
All the same

All my love  
You gave me  
All the shame  
All the same

And I gave you all my love  
All my love  
You gave me  
All the shame  
All the same
