

# Harbours

Edwin Raphael

Let's set sail  
To a plane you never been  
We'd find us  
Shipwrecked and lost

And you harbours won't fall  
And my neighbors won't call  
Your mind seems so far

Let's set sail  
To a place you never been  
We'd find us  
Shipwrecked and lost

And you harbours won't fall  
And my neighbors won't call  
Your mind seems so far  
Your mind seems so far

And you harbours won't fall  
And my neighbors won't call  
My mind seems so far  
Your mind seems so far  
My mind seems so far
