

Hate It When You See Me Like This!

Edwin Raphael

Not in the mood for dancing
A different high I'm after
Cold as the night don't mind me
As lovely as you are

Move like you're stealing clues
Something so synchronized
Feelings don't matter to you
When'll you realize?

Not in the mood for dancing
A different state I'm after
Cold as the night don't you mind me
As lovely as you are
As lovely as you are
As lovely as you are

(Don't you mind me)

Hate it when you see me like this!
Can you even when you see me like this?
Cause I won't, I won't
Treat you like this

Hate it when you see me like this!
Can you even when you see me like this?
Cause I won't, I won't
Treat you like this

Hate it when you see me like this!
Can you even when you see me like this?
Cause I won't, I won't
Treat you like this

Hate it when you see me like this!
Can you even when you see me like this?
Cause I won't, I won't
Treat you like this
