

Red Lights

Edwin Raphael

You got red lights
But it's flashlights
And I'm tripping out
But it's alright
And I can't call you, oh I won't call you
Maybe should've called
Last night, last night

Red, blue, green light
I can't see
Can't see through my own eyes
Driving past midnight
I can't feel but the vibes gonna be alright alright

I'd go back
I'd go anywhere if it's you who asks
Near, far, anywhere if we're holding hands
That's how I know that I've got you
And you got me too baby

Hey, ya
Hey, ya
Hey, ya
Hey, ya

Stop signs, street lights
Dreams of bright lights
Drive fast, night life
Scenes of sweet sighs
Low life, high sights
From the midnight
Less stress, less lies
Wide eyed, no ties
Swing by low tides
In the moonlight
Stop signs, street lights
Dreams of bright lights
Drive fast, night life
Scenes of sweet sighs
Low life, high sights
From the midnight

Hey, ya
Hey, ya

I got a limit on my credit but I keep spending!
Cause what's the point in having money if you can't spend it?
I keep on failing all my classes I can't pay attention
Cause what's the point in learning grammar? I can't Instagram it
Just wanna be famous
Wanna be a-list
Pull up to the club and they know what my name is
YouTube streamers
Pranking strangers
Going to the hood, making money off dangers
Giving to the homeless, make sure you notice
Like, like

Bitch you know this
My eyes twitching, give donations, fans I love you, goodnight gamers
Ahhhh!

You got red lights
But it's flashlights
And I'm tripping out
But it's alright
And I can't call you, oh I won't call you
Maybe should've called
Last night, Last night
