

## Someday

Edwin Raphael

And someday, I'll take you home  
But now's not right, now's not right  
And someday, when we're so old  
I think I'd stay, I think I'd stay  
And you know that I won't change  
I'd change for you, I'd change again  
And I know that you're so torn  
Between what's right, between what's right

So don't go away, yeah  
Can't you see I just got free?  
So don't go away, yeah  
Can't you see I just got free?

And everyday I thought of you  
The ways you think I won't anymore  
And everyday I thought of you  
The ways you think I won't anymore  
So don't just stand there looking so cold  
It's warm right here, it's warm right here

So don't go away, yeah  
Can't you see I just got free?  
So don't go away, yeah  
Can't you see I just got free?
