

Stay Runnin'

Edwin Raphael

So, baby, don't you understand
We're all in this love
What's for
And I'm sick and tired of all of your lies
So go on, baby, make your little get away
And my pride will keep me company

So go on, baby, so go on, baby
So go on, baby, so go on, baby
So go on, baby

So go on, baby, wear your best summer dress
Just remember that you don't be dancing for me
So go on, baby, make your little get away
And my pride will keep me company

And I said, I, I stay runnin'
I said I, I stay runnin' now
