

Tripping Through My Blood

Edwin Raphael

Now I'm coming down like fever
Something else this time
Very equipped this time
It's in the shadows
It's in the signposts
Is it desire?
Is it desire?

Now I'm swimming swimming below
But I can't go
Maybe it feels better
Without the alcohol
Tripping through my blood
Tripping through my blood
Now I'm swimming swimming below
But I can't go

Now I'm seething on the floor tonight
But I'll be sleeping on the floor tonight

Now I'm swimming swimming below
But I can't go
Maybe it feels better
Without the alcohol
Tripping through my blood
Tripping through my blood
Now I'm swimming swimming below
But I can't go

It's in the shadows
It's in the signposts
Is it desire?
Is it desire?
