

Soul Master

Edwin Starr

You know for some time now, I've been taking the backseat on so
mething that I feel I have a standing point
So I feel that it's time I come out of hiding, and I let you kn
ow how I feel about the situation
You see

It's time for you to get a second helping
Of this thing called soul
Right of the hand from the man
Who has always been in control

You see I'm the soul master
I'm the guy that they named soul after
Hey!
Soul master

Now I've got a thing
I don't believe you've seen before
It's guaranteed to please
Because it's the key that opens pleasure doors

I'm the soul master
I'm the guy that they named soul after
Hey!
Number 1 soul brother, can't you see girl

You need someone to give you strength
When yours is gone

Girl!
Reach out your hand

He may have been cool
But he was still in school
And I was his teacher

You see, I'm the soul master
I'm the guy they named soul after
Hey!
Soul master, ooh baby

Say you need someone
To give you strength
When yours is gone
