

Do It Again

Edwyn Collins

So many ways, so many truths
So much to learn, so much to do
Night by night, day by day
There's a place I know
I'm gonna stray...

I can do it again
I can do anything, honey
Do do do it again
Cause you send me to summertime
From a winter's view

So many thoughts, so many goals
So many dreams, so many roads
Night by night, day by day
There's a place I know
I'm gonna stray...

I can do it again
I can do anything, honey
Do do do it again
Cause you send me to summertime
From a winter's view
