

If Ever You're Ready

Edwyn Collins

And as for my pride
I've cast it aside
Cause it don't matter none
When you're ripped up inside
And I've heard that you're confused
But I'm not asking you to choose

Whenever you're ready
To come back to me
Well just call me and immediately
I'll drop what I'm doing
Whenever you're ready
If ever you're ready
Whenever you're ready
If ever you're ready

Now all's said and done
And I've nothing to prove
So I'll leave it to you
To make the next move
So let patience be my guide

To soothe this pain inside

Whenever you're ready
To come back to me
Well just call me and immediately
I'll drop what I'm doing
Whenever you're ready
If ever you're ready
Whenever you're ready
If ever you're ready
Whenever you're ready
If ever you're ready
Whenever you're ready
Whenever you're ready
If ever you're ready
Whenever you're ready
If ever you're ready
Whenever you're ready
If ever you're ready
Whenever you're ready
