

# Knowledge

Edwyn Collins

In my life I've met so many people  
Some are good and some are bad  
The more I know of this old world  
I don't feel safe, I don't have faith

Knowledge is a friend of mine  
First was lost and now it's found  
Knowledge is a friend of mine  
Still it's hard to pin it down

Hard to let my old self go  
Hard to let my old self go

In my youth I was shy and awkward  
Anyhow I made it count  
That's the point, keep on going  
It's the same for everyone

Knowledge is a friend of mine  
First was lost and now it's found  
Knowledge is a friend of mine  
Still it's hard to pin it down

Knowledge is a friend of mine  
First was lost and now it's found  
Knowledge is a friend of mine  
Still it's hard to pin it down

Knowledge is a friend of mine  
First was lost and now it's found  
Knowledge is a friend of mine  
Still it's hard to pin it down

So hard to let my old self go  
Hard to let my old self go  
So hard to let my old self go  
So hard to let my old self go  
Hard to let my old self go
