

# What's The Big Idea?

Edwyn Collins

Well what's the big idea?  
I would like to know  
Well you burst in here  
Your entourage in tow  
Well you don't fool me  
With your hoodlum tat  
Any fool can see  
You're just a pussycat

Well you don't know me  
And you can't show me  
Yet you act like you own me  
Well what's the big idea?  
I would like to know  
I would like to know  
What's the big idea?

Well I stand alone  
And I know no fear  
So I'm quite immune  
To your big idea  
But I must admit  
To a slight intrigue  
At your awesome power  
The power to deceive

But I believe that you don't know me  
And you can't show me  
Yet you act like you own me  
Well what's the big idea?  
I would like to know  
I would like to know  
What's the big idea?

You don't know me  
And you can't show me  
Yet you act like you own me  
Well what's the big idea?  
I would like to know  
I would like to know  
What's the big idea?

What's the big idea?  
I would like to know

(Move over, your heart's not in it  
Move over, your heart's not in it  
Move over, your heart's not in it  
Move over, your heart's not in it  
Move over, your heart's not in it  
...)
