## **Calling You**

## **Edyta Górniak**

A desert road from Vegas to nowhere Some place better than where you've been A coffee machine that needs some fixing In a little café just around the bend

I am calling you Can't you hear me I am calling you

The humdrum wind blows right through me
The baby's crying and I can't sleep
But we both know a change is coming
Coming closer so we'd release

I am calling you I know you hear me I am calling you oh
