

Love Is a Lonely Game

Edyta Górniak

Walking freely, I don't have to hide it,
Bitten you so sweetly, I don't feel no pain
Misunderstood completely
mistaken and misguided,
No matter what they say,
I don't feel no shame no shame

Cause that was another day,
I thought there was no escaping,
Love is a lonely game
breaking all the rules,
Keeping it locked inside,
feeling that something changing
Was it a waste of time, for me
I guess
love is a lonely game.

Peaceful feeling, didn't think I'd like it,
No more teardrops
only feel the rain,
I constantly reminded
of what is used to be,
It takes time to heal,
a heart that's lost its way.

Cause that was another day,
I thought there was no escaping,
Love is a lonely game
breaking all the rules,
Keeping it locked inside,
feeling that something's changing
Was it a waste of time, for me
I guess
love is a lonely game.

Do this Do that

I know the games they're playing,
don't believe the words they're saying ...
