Soul Boy

Edyta Górniak

Won't you be my soul boy, Won't you be my soul. There's been no one like you, Trusted and true.

I just wanna be loved by you. Just wanna be loved by you, Like a soul boy.

Won't you be my soul boy.
And take me as I am.
I had enough of bad dreams,
And one night stands, baby.

I just wanna be loved by you.

I want to be really loved by you,
Like a soul boy.

Take me as I am boy, hold me while you can. There's not a woman in the world, Lovin' you better than I do. Take me as I am. Be like a soul boy.

I don't wanna be with no one else I don't wanna kiss no one else. I want you to be my soul boy.

No more fighting and no more leaving. It ain't exciting and I quit believing. That you're my soul boy, soul boy, soul boy
