

Your High

Edyta Górniak

Every time I feel Your heartbeat
I can see the sunrise
In my head
Everywhere

Listen to the moon rise calling
just enjoy and listen
To what I say
Everywhere

Take me there
So High
I'll never forget
Take me there
Your High
I'll never forget

Every time I hear Your heartbeat
I can feel the sunrise
In my skin
Everywhere

Listen to the whispers calling
Just enjoy the mist
Of what this is
And never forget.

Take me there
Your High
I'll never forget
Take me there
So High
I'll never forget

You can be the glare
In my circumstance
We can lay it bare
Take it touch it there
Where we come to dance

(Dance dance dance dance dance dance
dance dance dance dance dance dance)

Let's do it again!

(Take me there)
Take me there
Your High
(I'll never forget)
Your the one I feel myself on

(Take me there)
Take me there
So High
I'll never forget

(Take me there, take me, take me there

Your High I'll never forget)

Don't wanna forget ya baby!

(Take me there, take me, take me
So High I'll never forget)
